- Canva
- Content Calendars & Trackers

Education

B.Tech — Mechatronics Engineering

Terna Engineering College · 2026

Profile

I turn ideas into content people stop for — writing, shooting and editing across social and video. Comfortable taking a brief from first concept to finished post, reel or campaign, and just as confident on a call pitching and closing with brands, creators and teams along the way.

Experience

Social Media & Marketing Manager

Sep 2025 – Present

Bibliophiles

- Write scripted video content and blog copy — voiceover scripts, captions, text overlays — across influencer, UGC and celebrity order-reveal formats, including campaigns featuring Deepika Padukone and Sonam Kapoor.
- Pitch, negotiate and close brand collaboration deals with influencers over calls, running a 30-influencer UGC campaign end-to-end from first outreach to final content delivery.
- Edit short-form video for Instagram and YouTube, turning raw footage into publish-ready reels and product showcases.
- Direct product shoots and manage day-to-day community engagement, keeping the brand voice consistent across platforms.

Wix Studio Developer Intern

Jun 2025 – Aug 2025

The Indian Netizens

- Wrote blog content and edited UGC-style videos as part of the team's regular content output.
- Designed website layouts and UI structure in Wix Studio, translating creative concepts into functional, visually engaging pages.

Creative Head

2024

Avalon Tech Fest

- Led a creative team producing campaign visuals and promotional content for the college's flagship fest.
- Directed creative concept and execution across all marketing materials, from ideation to final assets.

Selected Work

Paper Cut

Brand identity for a DIY paper-craft kit brand built for a Gen Z audience — logo, wordmark and visual system for origami, cardboard-build and puzzle kits.

social.sankeett

A personal library of reflective, spoken-word style scripts on culture, identity and everyday life, written and produced as short video pieces.
